

Spot #22: Senior Fraud: Advanced Fee Scam  
TIME: 47 seconds (without intro and outro)

(INTRO)

Seniors find themselves victims of financial fraud through multiple schemes like the Pyramid, Ponzi and Advanced Fee scams.

The Advanced Fee scam entices seniors by the promise of lottery winnings, unclaimed money or an exclusive investment opportunity. All they have to do to “GET IN” and “WIN BIG” is pay a fee in advance.

Scammers will not only take that money, the victims will get nothing in return, as the high-value prize offered simply does not exist.

To avoid becoming a victim, NEVER pay upfront for something you don’t know about.

Always be wary of businesses operating by phone or from a P.O. Box and always remember if something’s too good to be true, it’s a good way to lose your money.
